\* - ALL soldiers contracting for Kicker must comply with Enlistment Criteria Manual (ECM) guidelines, not exceed 14 years service, nor have previously received benefits.

1 - 1st and 2nd Lieutenants who have not completed a baccalaureate degree are eligible, but are not required to have completed 3 years ARNG.

There are two sets of requirements relative to the Kicker Program. First, are the requirements which make a soldier eligible to establish a binding Kicker contract. Second, are the requirements to receive Kicker benefits. This chart addresses only the general requirements to be eligible to create the Kicker contract. It does NOT guarantee soldier's *eligibility to receive* these benefits, as there may be additional requirements to be met prior to receiving benefits. Soldiers should be informed of those requirements to receive benefits when initiating contract. The chart above should be used as rough guide in identifying the requirements to create a binding contract and *not* a substitute for referencing official Kicker Policy posted on the NHARNG Education Website. Note that boxes with an "X," indicate a requirement. If you feel a soldier may meet these requirements, please call your Kicker Manager to validate contract eligibility.
